

INPUT POWER CORD RETENTION SOLUTIONS

PREVENT YOUR DEVICE CABLES FROM ACCIDENTALLY UNPLUGGING

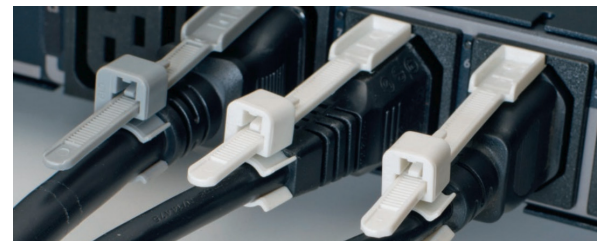

Even when properly inserted, device power cables can become dislodged from a rack power distribution unit (PDU) due to user error or vibration. Server Technology offers several input power cord retention solutions that securely attach device power cables to the outlets on a PDU, preventing accidental unplugging and ensuring peace of mind.

EZIP

EZip is a two-piece, serrated ratcheting device designed to secure nearly all C20 or C14 power cables to a PDU. The serrated part of the EZip clips into the outlet housing while the ratcheting section clips over the cable. After plugging the cable into the PDU, slide the ratcheting piece onto the serrated piece and zip it down until it's secure. Removal is just as simple with a gentle press of the release lever. Use EZip repeatedly when swapping device cables, or leave it installed for years of secure connections without the risk of accidental disconnection.

Solutions

1. EZip™
2. Cord Sleeves
3. Cable Retention Clips

Part Number	Description	Receptacle Compatibility	Plug Compatibility
KIT-0019	(10) EZip for conventional IEC 60320 C19 outlets	C19	C20
KIT-HD13	(10) EZip for IEC 60320 C13 HDOT outlets	HDOT C13	C14
KIT-HD19	(10) EZip for HDOT C19 or HDOT Cx outlets when used as a C19	HDOT C19/Cx	C20
KIT-CX13	(24) EZip for conventional IEC 60320 C13 outlets or HDOT Cx outlets using C13 adapter (supplied with PDU)	C13/HDOT Cx	C14

CORD SLEEVE

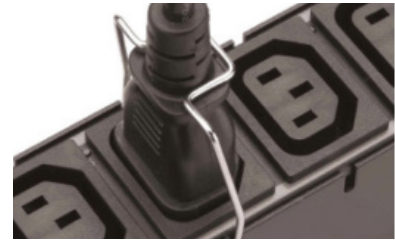

This slim plastic sleeve provides a snug fit for a power cable when it's plugged into an outlet on the PDU. The fins on the side of the sleeve make it easy to insert and remove both the sleeve and the power cable from a PDU outlet. The Cord Sleeve is universal and compatible with any straight C14 or C20 plug.

Part Number	Description	Receptacle Compatibility	Plug Compatibility
KIT-0070	(4) Nylon Cord Sleeve for C14 plugs	C13	C14
KIT-0071	(4) Nylon Cord Sleeve for C20 plugs	C19	C20

CABLE RETENTION CLIP

The formed wire retention clip attaches to the sides of the PDU, offering a dependable cable retention solution for inserted power cables. Clips are available for C13 and C19 outlets and are designed to work with molded, straight plugs.

Part Number	Description	Receptacle Compatibility	Plug Compatibility
KIT-0026	(2) Formed wire clips for C14 plugs, 1U wide	C13	C14
KIT-0030	(8) Formed wire clips for C14 plugs, 1U wide	C13	C14
KIT-0028	(2) Formed wire clips for C20 plugs, 1U wide	C19	C20
